The FDA stands up for you on pay

In 2023, the FDA achieved the biggest uplifts to Fast Stream pay in the history of the scheme, winning one of the best deals we've seen in the public sector after Fast Stream members overwhelmingly voted for industrial action.

The FDA has been invaluable in ensuring that I received the reasonable adjustments I need to do the job."

Hasan, FDA member & Fast Streamer

I was seriously considering leaving the scheme as the money going out every month was increasing and my wages just were not keeping pace. Thankfully, the pay deal negotiated by the FDA means I can continue to my final year without being under financial pressure each month."

Bruce, FDA member & Fast Streamer

I joined the civil service because I wanted to make a difference to the world and do something worthwhile at work, and I see my role as an FDA rep as an extension of that... being a rep allows me to use my skills to support, advise, and advocate for colleagues."

Alex, FDA rep & Fast Streamer
